

EC-PP200 Voucher Printer

Product Overview

As Internet usage continues to become more mobile, users have an increasing expectation for wireless Internet access at public locations, such as in coffee shops, restaurants, hotel lobbies, convention centers, and airport terminals.

Designed to support account generation, the EC-PP200 can print tickets using the built-in on-demand billing plan feature inside Edgecore Wireless LAN Controllers and Hotspot Gateways.

Another major highlight is that Edgecore Wireless LAN Controllers and Hotspot Gateways support QR Code Auto-Login. This unique feature allows guests to login automatically by using mobile devices to scan the QR Code printed on the EC-PP200's vouchers. In addition to the QR Code, information on the printed tickets can be easily customized from Edgecore Wireless LAN Controllers and Hotspot Gateways according to an operator's needs. With the EC-PP200, creating Wi-Fi accounts and logging in is made much simpler.

Specifications

General

- Print Method: Thermal line printing
- Print Speed: 250 mm/sec
- Print Life: 100 km
- Print Resolution: 576 dots/line or 512 dots/line
- Print Font: ANK Font
- Effective Print Width: 72 mm
- Paper Width: 79.5 mm±0.5 mm
- PaperRoll Diameter: 83 mm
- Paper Thickness: 0.06~0.08 mm
- Character:
 - ASCII: 12 x 24 dots
 - Graphic font: 24 x 24dots
- Certificate: FCC (UnitedStates), CE (Europe)
- Auto cutter
- Paper end detection
- Overheat halt-on protection

Physical

- Power Input: 24 VDC/2.5 A (with external adapter 100~240 VAC, 50/60 Hz)
- Dimensions: 17.4 cm (L) x 14.3 cm (W) x 12.0 cm (H)
- Weight: 1.22 kg (2.69 lbs, without cable)
- Operating Temperature: 0°C (32°F) to 45°C (113°F)
- Operating Humidity: 10%~80% RH, non-condensing
- Storage Temperature: -10°C (14°F) to 60°C (140°F)
- Storage Humidity: 10%~90% RH, non-condensing

Interface

- Serial
- Parallel
- USB
- Ethernet

Voucher Printer

Connection Guide

Connect the ECH-series to the EC-PP200

If an operator needs to create and print out an on-demand guest account, the EC-PP200 voucher printer should be physically connected to the ECH-series. Connect the EC-PP200 to the ECH-series using a USB cable, as shown in the diagram below.
